December 2017

love for every family member

Christmas
for your
pets

Christmas for your pets!

When you are writing your gift list this year, don't forget your pets. They love us unconditionally throughout the year, tell them thanks with a gift they'll love.

- Is their old collar or leash looking worn? How about a fancy new one to start the year off right?
- Update their name tag or microchip. Now's a good time to make sure their information is right, in case they get lost.
- New bed – Give them a cozy place to call their own and stay warm for the winter
- Homemade treats – Bake them something they'll love with some homemade treats
- Hugs and kisses – Shower them with an affordable gift they'll appreciate, love.
